HOSPITAL AVENUE, PAREL,
BOMBAY.

TEL. NO. 60051 (two lines)

PLEASE ADDRESS ALL COMMUNICATIONS
TO THE SUPERINTENDENT

6th September, 1949.

Dr. Joshua Lederberg,
Department of Genetics,
University of Wisconsin,
Madison, Wis.

Dear Dr. Lederberg:

This is to introduce Dr. R.G. Chitre, Professor of Biochemistry at the Seth Gordhandas Sundardas Medical College, Bombay University, who is now in the U.S. on a W.H.O. Travelling Fellowship.

Prof. Chitre would very much like to acquaint himself with the work that is being carried in your Department besides meeting other distinguished scientists at the Wisconsin University. I shall be grateful to you for any courtesies you may extend him while he is in Madison.

I often think of the fine work that you are doing there and wish that I might have an opportunity of being associated with you. We are seriously hampered in our work here due to the lack of laboratory facilities and equipment. The way things are shaping up in this country it will be a long time before we can reach, anywhere near the resources and convenience of your laboratories!

With best regards to Mother and self.

Yours very sincerely

A.R. Gopal-Ayengar.
